

OHMA License Pledge

I hereby pledge that, as an OHMA member in good standing, all licensing payments and requirements related to On Hold production content provided to our customers have been met, and will continue to be met as long as we provide our customers with On Hold service. Having met these requirements, my organization requests permission to participate in OHMA's Location Licensing program. I understand that participation is subject to my organization's continued good standing as an active member of The On Hold Messaging Association.
